Chapter 9 - Utilities

9A General Information

9A-1-----General Information

- A. General..... 1
- B. Definitions..... 1
- C. Design..... 2

9B Trench Design

9B-1-----General Information for Trench Design

- A. Trench Theory..... 1
- B. Bedding and Foundation Materials..... 1
- C. Backfill Materials..... 2
- D. Dewatering..... 3

9B-2-----Rigid Pipes

- A. Introduction..... 1
- B. Trench Width..... 1
- C. Pipe Strength..... 2
- D. Bedding Factors..... 3
- E. Live Load..... 3

9B-3-----Flexible Plastic Pipes

- A. Introduction..... 1
- B. Soil-pipe Interaction..... 1
- C. Pipe Design..... 2
- D. Flexible Pipe Bedding..... 4
- E. Trench Width..... 5
- F. Pressure Pipe..... 5

9B-4-----Ductile Iron Pipe

- A. Introduction..... 1
- B. Pipe Design..... 1
- C. Bedding..... 1

9B-5-----Depth of Bury Tables

- A. General..... 1
- B. Rigid Pipe Assumptions..... 1
- C. Flexible Pipe Assumptions..... 4
- D. Ductile Iron Pipe Assumptions..... 6

9C Casing Pipe

9C-1-----Casing Pipe

- A. General..... 1
- B. Casing Thickness..... 1
- C. Casing Diameter..... 2

9D Utility Cut Restoration

9D-1-----Utility Cut Restoration

- A. General..... 1
- B. Background..... 1
- C. Factors Affecting Patch Performance..... 2
- D. Recommended Utility Trench..... 8

9E References

9E-1-----References
