

Notice to Users of the SUDAS Standard Specifications

Before using the SUDAS Standard Specifications, the Project Engineer must check with the Engineer of the Jurisdiction in which the project will be constructed for any supplemental specifications that modify the Specifications contained herein. The Jurisdiction will review all submittals for compliance with the specific local design criteria, procedures, and regulations. Approval by the Jurisdiction does not relieve the Project Engineer from the responsibility of ensuring that the specifications are properly applied and are in compliance with the SUDAS Standard Specifications as may be modified by the Jurisdiction's supplemental specifications and for the needs of a particular project based on sound engineering principles.
